Are honored to invite to
2nd Student Interantional Scientific and Practical Online Conference
"Administration and management in the functioning of the modern economy and
society"

on 27th and 28th of November 2023

Conference format: on-line (MS TEAMS)

Conference language: Polish, Ukrainian, English, Romanian, Russian.

The aim of the conference is to address issues related to the functioning of organizations/companies and the adaptation and effectiveness of activities in response to the changing geopolitical situation of countries and regions.

Conference sections:

- I. Managing public order (local government system, rights and responsibilities of entities responsible for public order, local security, state security, public administration ethics, judicial administration, the justice system, etc.)
- II. Economic and political effects of globalization (project management, transfer of modern technologies, cooperation of various enterprises, social policy, political marketing)
- III. The legal protection system of the European Union (EU administrative bodies, proceedings in the EU institutions, administrative system for the protection of human rights, management in a democratic environment, etc.)
- IV. Financial problems and challenges (public finances, financial law, budgetary policy of state and local structures, structural funds, etc.)
- V. Management of business structures (enterprise management, innovations, marketing of goods and services, corporate social responsibility, accounting and auditing, international accounting standards, geopolitical problems of modern enterprises, etc.)
