Citizens of most of European countries can enter Serbia without visas for a stay up to 90 days, so you should check, before travelling to Serbia, whether you need visa.

For doing that, please visit the University website sections:

- [Visa Information](#)
- [Registration upon arrival](#)

HEALTH INSURANCE

Every candidate must have medical coverage during their stay at the University of Kragujevac. It is the candidate's responsibility to have valid insurance. For additional information on health insurance for foreign citizens, please visit the University website section → [Health Care and Insurance](#)

ACCOMMODATION

Student dormitories have limited capacities, but taking into account very reasonable prices, for many of our students, private accommodation might even prove better value. Approx. rental costs per month: 150-200 € per studio flat, 200-300 € for two-person apartment, 300-400 € for three-person apartment.

IRO associates and the faculty coordinators will provide support before and during your stay to make it as easy as possible. We will contact you before your arrival and provide you with all the information you may need. International students will have support of local students in finding private accommodation.

Living expenses (incl. rent, food, public transport, etc.) vary according to different parameters, but 300-400 € can be sufficient for monthly living expenses.

CANTEENES

All students of the University of Kragujevac, including international and Erasmus students can use the services of the Student's Center. Food service is offered in student canteens and restaurants. Estimated costs of food services in student restaurants and canteens on a monthly basis are between 100 and 130 euros.

INFORMATION FOR INCOMING STAFF

We are eager to welcome teaching and non-teaching staff for short periods of stay (teaching and/or training) from all over the world into our academic community.

If you are interested for cooperation and exchange opportunities within other programs, please contact the International Relation Office at the University of Kragujevac and we will provide for you the most suitable contact depending on teaching area and/or department/service office you are interested in.
